## PROVISO MAYOR'S VETO QUICKLY OVERRULED

### Provo City Executive Charged With Ulterior Motives by Council.

Special to The Tribune.

PROVO, March 15.—Mayor W. H. Ray this city is much "set upon" by the council. It is only a short time that the mayor called upon the council to cut down municipal expenses on the council responded by passing a resolution endorsing the services of the four city policemen. This resolution the mayor promptly vetoed, the council at tonight's meeting, by unanimous vote, only one member being absent, passed the resolution over the mayor's veto.

The report of the police and prison committee showed that one Wilson, a policeman now serving suspended duty, had never been censured and the council recommended that he be not confirmed.

Committee members Jensen and Hinckley, siding on the adoption of the resolution over the veto of the mayor, declared the city executive without gloves playfully declared that personal and ulterior motives were behind his action. The committee on fire department recommended an ordinance requiring the removal of fire escapes from the hotels of the city, the Smoot block and the Knight block. At present there are a fire escape on any building in Provo. This committee also recommended adversely to the request of the chief for an extra team and extra men.

The committee on streets and alleys advised an adverse report on the recommendation of the mayor that street cleaning be dispensed with and recommended that the council advertise for the sprinkling of the streets. These recommendations and reports will be considered at the next regular meeting of the council.

# Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the following letter for proof that Mrs. Pinkham's medicine cures backache caused by woman's diseases.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness on each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and ironing, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. Olive Woodall, Morton's Gap, Kentucky.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you that it has done, not what we think it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for woman's ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

### MEDALS GIVEN TO OGDEN GUARD BOYS

#### Excellent Scores Made at Target Practice Is Occasion for the Honor.

Special to The Tribune.

OGDEN, March 15.—Company R, Utah National Guard at Ogden, enjoys the distinction of having won the highest average in target practice of any other military organization in Utah during the past season and the excellent scores have run the local company's average on par with the highest made by the other companies in the national guard in the United States.

As a recognition of this excellent showing, for which Captain W. E. Kneass of the local company, one of the best rifle shots in the entire national guard, is largely responsible, handsome bronze medals have been presented to those members of the company who have made the highest scores during the several months when the target practices were being held.

The medals were personally presented by Major Williams of Salt Lake last night to the following members of the company, who were divided into several classes according to the efficiency of their marksmanship:

Expert riflemen—Captain W. E. Kneass, Lieutenant G. R. Lawrence, Sergeant F. B. Smith, Sergeant F. A. Smith, Sergeant John Way, Corporal John Biber.

Sharpshooters—Sergeant Mack Garr, Fred McDaniel, A. E. Nylander, Lieutenant O. Baxter.

Marksmen—Sergeant John Hughes, Charles Pincomb, F. Robert, R. Spillbury, J. L. Smith and Daniel Eganney.

In addition to the medals, the company as a whole has won the handsome silver loving cup presented by Clayton Coolidge, inspector of small arms of the national guard. The loving cup will be placed on display at Lewis's jewelry store in a few days.

### PROMISED MONEY TO WED.

Special to The Tribune.

OGDEN, March 15.—With the express understanding and agreement that her husband, Jacob Schillo, was to pay her \$1000 Mary Krickel-Schillo consented to marry him and took the marital vows at Cleveland, O., November 15, 1907. Mrs. Krickel-Schillo has failed to "make good" on the ante-nuptial agreement is charged by Mrs. Schillo in a reply to his divorce complaint filed with the district court.

Mrs. Schillo says that her husband agreed to deposit certain sums of money in a bank, to be paid from time to time until the \$1000 promised her would be paid in full. Shortly after their marriage he began to treat her in a cruel and inhuman manner, she says, and then she began to sue for a divorce. Before the case came up for a final hearing Mrs. Schillo persuaded her to withdraw her divorce action, promising to treat her better in the future. This she did, still obliging him to the ante-nuptial agreement in regard to the payment of the \$1000.

Several weeks ago Schillo began a divorce suit, alleging that his wife had deserted him, and had converted money belonging to him to her own use.

Mrs. Schillo replies by setting out in detail the facts of her case, and says which she has received only \$300 of the promised sum. She says she has abandoned her husband with his knowledge and consent. She asks judgment for \$250, now deposited in a local bank to their joint account, and the transfer of the same. She also asks for the balance due on the old agreement, now held in trust by Attorney N. J. Harris and Joseph Cheez.

### LOOT STILL MISSING.

Special to The Tribune.

OGDEN, March 15.—Although no trace of the missing loot stolen from the safe of the Reed hotel early Monday morning has yet been recovered, the police are confident that John Wall and J. J. Boyd, the two men arrested last Monday afternoon, are the men, who, armed with revolvers, and with their faces covered by black masks, lined up the loot from the hotel and compelled the night clerk, Ralph Chandler, to unlock the safe and turn over the contents.

Conflicting stories, which have been told by both men, and their strange actions since arriving in Ogden, have convinced the police that neither man wanted. The police say that one of the men bought a new hat at a store the next morning and after his arrest admitted that he had burned up the hat he had been wearing the day before.

County Attorney David Jensen had not completed the complaints but said late this afternoon that they would be issued the first thing tomorrow morning. The charges against both men will be robbery. H. L. Brookfield and W. S. Casoy, the first two suspects arrested, will be charged with vagrancy in police court tomorrow morning.

### READY FOR EXHIBIT.

Special to The Tribune.

OGDEN, March 15.—Everything is in readiness for the opening of the tuberculosis exhibit at the National Guard armory building Thursday evening. An appointment under the auspices of the council to assist in paying the expenses of the exhibit, and the appointment of a local committee composed of prominent people of the city to take charge of the exhibit, has helped to create considerable interest in the exhibition. When the exhibit is formally opened tomorrow evening Mayor William Gammann, Governor William Spry and other prominent people of the state will deliver short addresses.

Superintendent J. M. Mills of the city schools has arranged for the pupils of the city to attend the exhibit while they are in Ogden, and similar privileges will be allowed the pupils of the county schools.

The exhibit will be in place for one week beginning tomorrow night, and will continue at Ogden for one week. No admission is charged, but said late will deliver an explanatory address on the purpose of the exhibit, illustrating his talk with stereopticon views. The exhibit is the property of the national association formed for the study and prevention of tuberculosis.

Since the Marvin chapter was organized in Ogden a short time ago, the membership has increased considerably, and the league promises to be one of the leading club organizations of the city in a short time.

Definite plans for the erection of the chapter house have not yet been made, but an effort will be made to obtain from the city a location near the Carnegie library building.

### MOTHER SAVES BABY FROM BURNING ROOM

#### Rushes Into Flaming Kitchen and Escapes Unhurt; Baby Will Survive.

Special to The Tribune.

BINGHAM, March 15.—Mrs. John Ascani, wife of an Italian miner here, rushed into her burning home this afternoon and saved the life of her four-months-old baby, which nestled in the cradle in the kitchen, and which, when rescued, had been terribly burned about the face and body. Mrs. Ascani had left the house about 4 o'clock this afternoon for the purpose of hanging her weekly wash upon the line. Happening to turn, she discovered that the kitchen was a mass of flames. She immediately ran to the front of the house, thence into the kitchen, where she found the baby almost suffocated.

The woman's heroic rescue was extraordinary, as the kitchen, when she rushed into the house, was not only on fire, Mrs. Ascani, however, was not injured in the least. The baby was given medical attention at once and according to Dr. Straup will survive. The house was partly destroyed, the damage being estimated at \$1500.
